

AuraLast® Wood Exterior Door Frame and Component Limited Lifetime Consumer Warranty

OUR WARRANTY TO YOU...

JELD-WEN® products¹ are designed to create lasting value for your home. This warranty is effective for all AuraLast door frames and components manufactured by us on or after **February 1, 2008** for use in the United States and Canada. For additional information, including care and maintenance, installation and finishing instructions, contact us or refer to www.jeld-wen.com.

WHAT THIS WARRANTY COVERS

This warranty provides coverage for JELD-WEN AuraLast wood exterior door frames (including AuraLast wood garage door frames) and other AuraLast wood door components (e.g. brickmould, mull posts, etc.) as specified below, and includes **free** replacement components.

Limited Lifetime Warranty for AuraLast Protection

We warrant your AuraLast door frame and/or component parts will be free from wood cellular level breakdown, or wood decay, caused by decay and/or termites **for as long as the original consumer owns the home** in which the AuraLast wood frames and components are originally installed. This includes coverage for wood cellular structure failure (often referred to as "wood cellular breakdown") caused by decay and/or termites in JELD-WEN manufactured AuraLast wood products. Warranty coverage outside Canada, the contiguous 48 states and Alaska is contingent upon approval from JELD-WEN. Please contact us.

Transferability: This warranty is transferable to subsequent owners as follows. In the event you sell your residence/building or it becomes occupied by other than the original owner, the warranty is **ten (10)** years from the date of manufacture.

JELD-WEN also warrants to the original consumer that AuraLast wood exterior door frames or components will be free from any defects in materials and workmanship which are not related to wood cellular level breakdown, or wood decay, for a period of **one (1)** year from the date of manufacture.

What We Will Do...

Upon receiving your notification, we will send out an acknowledgement within three business days. We will investigate your claim and will begin to take appropriate action within 30 days after notification. If it is determined that the product does not have a defect covered by the labor warranty, we may charge an inspection fee for any onsite inspection that is required or requested by you. Because manufacturing materials and techniques can change, replacement part(s) may not be an aesthetic match to the original. Replacement components/products are warranted for the balance of the original product warranty or 90 days, whichever is longer. If we determine we are unable to provide replacement parts, we will refund the unit/ component purchase price. This guarantee gives you specific legal rights, and you may have other rights that vary from state/province to state/province.

WHAT THIS WARRANTY DOES NOT COVER

JELD-WEN manufactures and sells complete door systems, door slabs, door frames and various millwork component parts. This warranty applies only to AuraLast wood door frames and their associated millwork components (e.g. brickmould, mull posts, etc.); please see our other product warranties for coverage on door systems, slabs, etc. This warranty does not cover parts or components (e.g., slabs, glass, sill, hinges, etc.) not sold by JELD-WEN to the original owner. See your distributor or dealer regarding the warranty on these other components.

JELD-WEN is not liable for:

- Excessive warp; bow no more than 1/2", crook no more than 1/8", cup no more than 1/16", and twist no more than 1/4".
- Damage caused by chemicals (e.g. brick wash) or a harsh environment (e.g. salt spray or airborne pollutants) unless otherwise stated above.
- Product failure due to misuse or abuse; damage caused by failure to properly finish and provide maintenance, by alteration or modification to the product (e.g. customer applied hardware, paint finishes, security systems), or as a result of any cause beyond the control of JELD-WEN (e.g. fire, flood, earthquake, other acts of nature, and acts of third parties outside of our control).
- Improper installation not in conformance with JELD-WEN installation instructions (note: see www.jeld-wen.com for current installation instructions) or current industry standards; operational problems and problems related to water and/or air infiltration/leaking as a result of improper installation or flaws in building design or construction.
- Damage or poor product performance resulting from installation into a condition that exceeds product design standards and/or certified performance specifications and/or is not in compliance with building codes.
- Product or component performance decline due to aging, natural processes or failure to provide proper maintenance.
- Labor and materials for installation or re-installation, repair, repainting or refinishing activities, or the removal or disposal of defective product(s); freight changes and taxes.
- Wood cellular structure failure for wood components other than of AuraLast pine species and any components (including AuraLast pine) that come in direct contact with soil. Note: superficial mold/mildew does not indicate wood cellular structure failure.
- Incidental or consequential damage. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you.
