

**JELD-WEN® PREMIUM  
Norco® Collection  
WOOD or METAL CLAD WOOD Window & Patio Door Warranty  
OUR WARRANTY TO YOU**

JELD-WEN® Premium products (as noted in this warranty shall refer to window and patio door products marketed under the “JELD-WEN Norco® Premium Collection”) are designed to create lasting value for your home. This warranty is effective for all Norco Collection wood or metal clad wood products manufactured by us on or after January 1, 2004 for use in the United States. Any previous warranties will continue to apply to products manufactured by us prior to this date. For additional information, including care, maintenance, and installation instructions, refer to [www.jeld-wen.com](http://www.jeld-wen.com).

**What This Warranty COVERS:**

We warrant that your products as identified below will be free from defects in material or workmanship from the date of initial installation for the time periods described below. This warranty includes *free* replacement parts to replace components of the window or door. Skilled labor (where deemed necessary by us) to replace the insulating glass unit or component is provided for **two** years (unless specified otherwise).

**Twenty Years for Window & Patio Door Products (insulating glass, metal clad and wood parts, and hardware unless specified otherwise):** We warrant your window, patio door and component parts (e.g. exterior casing provided by JELD-WEN) thereof for **twenty** years.

**Special Coverages:**

**Laminated Glass/Hurricane Glass/Special Glazings:** We warrant laminated glass, hurricane (impact) glass and special glazings (glass options not listed in our product literature) for **five** years.

**Ten Year Clad Finish:** The “clad finish” on each metal clad window or patio door manufactured by us to be free from defects for **ten** years in that, under normal atmospheric conditions, the clad finish will not peel, check, crack, or change color. The term “clad finish” means the painted finish on metal cladding. Clad products installed within one mile of a salt-water source (or other corrosive environment) require additional and specific maintenance requirements. Refer to our full care and maintenance instructions.

**Electric Operators:** We warrant electric operators provided by us for **one** year (to include free replacement parts and skilled labor necessary to replace the operator for **one** year).

**TRANSFERABILITY:** In the event you sell your residence/building, this warranty is transferable to subsequent owners.

**What We Will Do:**

Upon receiving your notification, we will send out an acknowledgement within three business days. We will investigate your claim and will take appropriate action within 30 days after notification. If it is determined that the product does not have a defect covered by the warranty, we may charge an inspection fee for any onsite inspection that is required or requested by you. Because manufacturing materials and techniques can change, replacement part(s) may not be an aesthetic match to the original. If we are unable to provide replacement and repair is not practicable or cannot be made timely, then we will refund the purchase price. This guarantee gives you specific legal rights, and you may have other rights that vary from state to state.

## What This Warranty Does Not Cover:

JELD-WEN is not liable for:

- Normal wear and tear; and natural weathering of surfaces.
- Naturally occurring corrosion or tarnishing of hardware finishes; damage to metal surfaces caused by chemicals (e.g. brick wash) or a harsh environment (e.g. salt spray or airborne pollutants).
- Glass breakage; failure due to misuse or abuse; and damage caused by failure to properly finish and provide maintenance, by alteration or modification to the window (e.g. customer applied tints or films, paint finishes, security systems), or as a result of any cause beyond the control of JELD-WEN (e.g. fire, flood, earthquake, other acts of nature).
- Slight imperfections or wavy distortions in the glass that don't impair structural integrity.
- Improper installation not in conformance with JELD-WEN installation instructions (note: see [www.jeld-wen.com](http://www.jeld-wen.com) for current installation instructions); operational problems and problems related to water and/or air infiltration/leaking as a result of improper installation or flaws in building design or construction.
- Damage or poor product performance resulting from installation into a condition that exceeds product design standards and/or certified performance specifications and/or is not in compliance with building codes.
- Condensation or damage as a result of condensation (Note: most condensation problems are related to excessive humidity levels in a structure; contact a heating/air conditioning specialist for help).
- Labor and materials for repainting or refinishing activities, or the removal or disposal of defective product(s).
- Incidental or consequential damage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you.

Note: Variance in color or texture of natural wood parts is not considered a defect. Some "chalking" and "fading" of the clad finish are not considered defects. Fading or color changes may not be uniform if clad surfaces are not equally exposed to the sun and elements.
